

SWISS COLOR® PMU DEVICES & ACCESSORIES

HYGIENE CARTRIDGE DESCRIPTION

For the development of our various hygiene cartridges we use only the latest technology, high quality materials and years of experience. We know that each PMU stylist has developed their own style over time. Therefore a wide range of different hygiene

cartridges is advantageous. The basis of the hygiene cartridges is a medically approved plastic, the needles are made of stainless steel. In order to guarantee superior quality, the production of our modules is kept under constant and independent control.
